

## **2nd International Hickory Open Championship 01st of June 2019 at Golf Club Burg Zievel**

As last year, we start with a international field of professionals and amateurs, competing in a open format as well as nett scores. We play with hickory shafted pre 1935 clubs, but you can use your normal golfballs. We will have rental clubs available for players without their own hickories. Playing these clubs is not easy, but it is a beautiful experience and it will bring you closer to the spirit of the game.

The location of the tournament is golf club Burg Zievel, imbedded on the sloping landscape of the "Voreifel" around 40 km from Cologne, Germany. The 18 - holes course has been build around a castle dating back to 11 th century. From most of the fairways you'll have beautiful views of the castle. The terrace of the clubhouse gives great views over the 9th and 18th green.

Tea and coffee will be served on arrival, accompanied with a small piece of pie, made by our gastronomic family Müller, who run the clubhouse restaurant. Each participant will also receive a tee off gift before the round, afterwards a three course meal will be served. The prize giving ceremony, with beautiful prizes linked to the 1920's, will end the tournament day. The tournament is also part of the Dutch Hickory Society tournament series.
